## Find A Way

*Find A Way*

-

*Some dreams I remember  
Some dreams I forget  
I've lived my life like a vagabond  
With no safety net*

*One day may I return  
To the fields that I love  
To the land of my biding soul  
To the heart of my song*

-

*Music is for the sad man  
Love is for the mad  
I'm drifting like a stray dog  
With a ticket on my head*

*I need you  
To see that I could  
Be the steadier line  
I know that I should*

*Find a way  
From deep waters  
Find a way  
To land*

*Some strings they vibrate  
With the sweetest sound  
Make the tightrope walker  
Fall to the ground*

*You sing to remember  
I drink to forget  
You try to do something  
I can never get all set*

-  
*Your songs are happy  
My songs are sad  
I've made my bargain  
With all that I had*

*I don't think  
You know what you do  
You saying the lonely way  
Is the only way for you, to*

*Find a way  
From deep waters  
Find a way  
To land  
Find a way  
From deep waters  
Find a way  
To land*
