Going Places

*I'm going places I ain't been before
I follow traces I ain't seen before
I'm on my way to a different place
And night and day its a smile on my face*

*I see the world spinning around
Something I heard - a beautiful sound
I'm going places out of my mind
I am a bird breaking the speed of sound*

*I'm going places - out of my mind
Places out of this world
I'm going places out of my mind
I am a bird breaking the speed of sound*

*Places
Out of my mind
Places
Out of this world
Places
Out of my mind
A bird breaking the speed of sound*
